SOUTH SAN FRANCISCO, SAN MATEO COUNTY, CALIF., THURSDAY, MAY 7, 1925

## Important Hearing Before R. R. Commission Monday

City Attorney Davis Presents  
Splendid Case for City. De-  
cision Anticipated Within  
Next Ten Days.

In a session commencing at 10:30 a. m. and terminating at 2:45 p. m. on Monday in the city hall, all the facts relative to the grade crossings on the Orange avenue crossing connecting the main portion of South San Francisco with the Los Cerritos tract was placed before the railroad commission. These facts were presented in an able manner from many angles and proved conclusively that City Attorney Davis had the situation well in hand. Commissioner J. M. Squires presided at the meeting and proved an attentive listener, interjecting questions from time to time during the course of the proceedings which demonstrated the fact that he was conversant with local conditions. Besides Mr. Squires and Engineer J. G. Hunter, representing the railroad commission, with official reporter Flannery of the commission, there were present Attorney F. W. Mielki, representing the Southern Pacific Railway Company, and Attorney L. R. Dains, representing the Market Street Railway Company. In addition to this Chief Engineer B. B. Lagree of the railway company was in attendance and testified on behalf of his company. Arrayed on the side of South San Francisco were: City Engineer George A. Kneese; Mayor McNellis; Mr. W. H. Taylor, president of the California Golf Club; City Trustee F. A. Cunningham. John H. Williams, labor commissioner for the Pacific Coast Steel Company, who also appeared as the accredited delegate from the Manufacturers' Association. A. C. Kleemeyer, principal of the South San Francisco grammar schools; Fire Chief B. H. Truax, W. J. Martin of the South San Francisco Land Company; P. R. Thompson, manager of the South San Francisco Chamber of Commerce and Mrs. J. O. Snyder, president of the South San Francisco Woman's Club. The only one called by the opposition of the application was Chief Engineer B. B. Lagree of the Market Street Railway Company.

City Attorney Davis opened the proceedings with the following statement: "A hearing on this same matter was held in this hall about a year ago. At that time there appeared to be little, if any great opposition. However, the city was denied the application on the grounds that it was dealing in futures, that is to say, the city intended to establish a public park but had nothing concrete to show in that respect. Also the proposition of comparative distances was questioned, it being understood that Chestnut avenue would answer the purpose. Also the matter of drainage was an important factor considered by the commission. At the hearing on Monday, the city attorney stated that the matter of the public park would be now definitely put forth, also that the proportionate distances would be made plain and that really the only matter to consider, aside from the absolute public necessity of this crossing was the element of danger. Attorney Davis then called attention to the map prepared by Engineer Kneese and showing all the details. This map was introduced and admitted in evidence as exhibit No. 1. Exhibit No. 2 was a deed from the South San Francisco Land & Improvement Company for the twenty acres granted to the city for public park purposes. Exhibit No. 3 was the easement for street right of way. Exhibit No. 4 was the resolution adopted by the board of trustees of the city declaring the intention of the immediate improvement of the park site as a public park. Engineer George A. Kneese, the first witness called, showed where the present two routes to Baden were, the one by way of Cypress Lawn Cemetery, 5.02 miles, and the one by way of San Bruno crossing, 3.09. He pointed out that Oak and Chestnut avenues were practically impassable the year round. He showed that Orange avenue extension was shorter by three-fourths of a mile than Chestnut avenue, and seven-eighths of a mile shorter than Oak avenue, the proposed route being just 1.13 miles from the civic center to Third street in Los Cerritos tract. Engineer Kneese declared that in his opinion (in answer to a question), that the crossing at Holy Cross was far more dangerous than would be the one at the Orange avenue grade crossing. The question as to a great volume of traffic over the proposed road and the matter of a business district at Baden was brought up by Engineer Hunter of the commission. To the first question Engineer Kneese stated that no doubt traffic would increase very materially, but as to a business district in Baden, that could not be unless the zoning ordinance were changed. The engineer for the railroad commission brought up the matter of cost of a separation of grades and Engineer Kneese estimated that this would entail an expenditure of some \$70,000.

This later in the proceedings was corroborated by Engineer Lagree of the railroad company. The railroad commission also brought out the matter of protection at grade crossings and Commissioner Squires stated, on a point of information that it was the usual procedure that the applicant install the safety device or device and the railway or railroad company maintain the contrivances thereafter. Mayor McNellis, the next witness called, testified as to the intention of the board to improve the park and also Orange avenue. He brought out the point as to the great saving and convenience to merchants, citizens and to the school children. He pointed out that every organization in the city had endorsed the project and cited a petition signed by nearly 1800. The matter of better police and fire protection also was brought out in connection with Baden or the Los Cerritos District. Mr. W. H. Taylor, prominent banker of San Francisco and president of the California Golf Club, proved one of the strongest witnesses for the city. He stated that the club had 436 acres in the Baden district, or rather directly back of this district. 100 acres were to be used as a golf course, 190 acres were to be subdivided along the highway for an exclusive residential section, while about 200 acres in the rear of the golf course would be utilized for cottages and permanent homes for the members of the club. An architect was this week on the grounds selecting a site for the \$100,000 clubhouse to be erected in the very near future. The club had some \$400,000 invested in the project; the membership was limited to 400, and already 375 have signed up. The property has its own water system and fire protection. About 27 regular employees would be engaged and a large number of caddies. These caddies, it is proposed to secure from South San Francisco, also as far as possible, all supplies will be purchased in South San Francisco, therefore it was imperative from the standpoint of the club, in addition to the other important reasons, that this crossing be granted. Mr. Taylor stated that the members of the golf club has passed a resolution authorizing him, as president, to sign the petition for the Orange avenue crossing.

A noon recess was taken at this point and during the recess the commission with members of civic bodies and the attorneys motored to the proposed site of the crossing and came back through the willows.

At the afternoon session City Trustee Cunningham testified in his capacity of a real estate man of 19 years experience in South San Francisco. He estimated that the district involved contained some 400 lots and stated that the Orange avenue crossing would be a great benefit to the entire city and district. The natural growth of the city, he declared was towards Los Cerritos and the foothills. As a member of the city board, he stated that the city trustees were all agreed on improving the road and also the park. City Attorney Davis introduced as exhibit 5, the map of the Los Cerritos tract. The next witness, John H. Williams, labor commissioner for the Pacific Coast Steel Company, and also delegated by the Manufacturers' Association to attend the hearing, dwelt on the great need for more home sites for families and pleasant environments for the children of the employees in the manufacturing district of South San Francisco. He contended that this southwestern section of the city, with a through road and a public park would become the ideal homesite so necessary for contentment and efficiency of employees of the manufacturing plants of the city. The Manufacturers' Association with an investment in the city of \$30,000,000 and an annual payroll of \$6,000,000 was greatly interested in the project, he concluded. Principal A. C. Kleemeyer of the South San Francisco Grammar Schools, the next witness, stated that at present there were, in the Baden district, some 24 grammar school pupils and 15 high school students. He cited the fact that especially during the winter months many of these children were unable to take advantage of the educational facilities and declared that this was an injustice. He pointed out that they had to pay car fare on two separate car lines, another handicap to the poorer families. Another point brought out was the fact that by the existing round-about road the children in certain districts had to walk over two miles to school, and should they not attend, owing to the fact that the distance is over two miles, the school authorities are powerless to act in the matter of compelling their attendance. A direct road like Orange avenue, he concluded, would overcome all this.

Fire Chief B. H. Truax, the next witness testified that from the point

## Proclamation by Mayor

**NASMUCH** as the Royal Michael-  
ense Autonomic Beneficent Associa-  
tion Incorporated, are to hold their  
fourth annual celebration in South San  
Francisco Sunday, May 10, I wish, in be-  
half of this city, to extend to them a hearty  
welcome and an appreciation for the se-  
lection of this city.  
In my capacity as chief executive of South  
San Francisco I hereby set aside Sunday,  
May 10, as a "Welcome Day" and call up-  
on the people of the city to display toward  
our distinguished visitors that hospitality  
for which this city has always been noted.  
Let us open the doors of our homes to  
them and extend to them every possible  
courtesy within our power. Let us give to  
them the "Key of South San Francisco"

and make it an open sesame to every  
mother's son of them to their families with  
them.

I further decree the day as one of special  
sacredness, insofar as the celebration is  
concerned. Consideration should be shown  
to their celebration by every resident of a  
hospitable city and this I respectfully ask  
for and especially desire.

Their visit is an honor conferred upon  
South San Francisco and it is my wish that  
our residents make the day for our visit-  
ors one that will be long remembered. The  
courtesy of the city administration and the  
police department will be extended to  
them in every way possible.

H. F. McNELLIS,  
Mayor of South San Francisco.

## Young Folks Hike To Lake Lagunitas

Sunday, May 3, a group of young  
people from this city and San Fran-  
cisco, chaperoned by Mr. and Mrs. G.  
Valencia, took the 8:45 boat to Sausalito,  
from there they took a train to  
Ross and from Ross they hiked to  
Lake Lagunitas, where they enjoyed  
their lunch and played different  
games. Those in the party were  
Misses Catherine Gaddini, Genevieve  
Schmidt, Mary and Kate Dmytryk,  
Julia Guadagni, Marie Panturi, Fan-  
nie Belloni, Corinne Bianchi, May  
Somera, Dora Cattalini, of this city;  
Marie Beckman, Rose Carson, Sidney  
Cabon, Anna Balles of San Francisco  
and Messrs Vincent P. Lynch, James  
Lynch, George Gibbons Kidd, James  
Roberts, Joseph Beatti, Vernon Har-  
vey, Ernest B. Cattalini, Niles Mc-  
Kannay, Karl Benarath, Tom Burns of  
San Francisco; William J. Cattalini  
and Alex Gaddini, of this city. These  
boys are all members of the Hanna  
club of San Francisco, with the ex-  
ception of Tom Burns and Alex Gaddini.

The party left Ross for home about  
6:20, a tired but happy bunch.

## Local Man Severely Burned At Western Meat Company

Carmelo Imprescia, of 637 Baden  
avenue, fell into a sulphuric acid tank  
at the Western Meat company on May  
1. He received severe burns of the  
right side, both legs, feet, right hand,  
arm and back.

He was taken to the South San  
Francisco hospital and from latest re-  
ports he is doing nicely.

## California Golf Club Selecting Site For New \$100,000 Club House

Club in Los Cerritos District  
to Carry Out Extensive Pro-  
gram. Will Spend \$80,000 To  
\$100,000 Annually.

Some idea of what the advent of the  
California Golf Club, preparations for  
which are now underway in the dis-  
trict just back of Los Cerritos means  
to South San Francisco means to this  
city can be gleaned from the facts  
brought out at the hearing of the  
railroad commission on Monday  
by Mr. W. H. Taylor, manager of the  
International Banking Corporation of  
San Francisco and president of the  
California Golf Club. On Tuesday the  
Enterprise interviewed Mr. Taylor in  
regards to the facts contained in his  
testimony and received the consent of  
the president of the golf club to pub-  
lish them as a separate news story.  
Mr. Taylor stated that the club had  
purchased 436 acres of land and that  
this week their architect was on the  
grounds locating a site for the \$100-  
000 clubhouse which it is proposed to  
build. About 190 acres in front of the  
links, facing on the highway will be  
subdivided for the building of exclu-  
sive residences, while about the same  
acreage in back of the links will be  
devoted to cottages and permanent  
homes for members of the club. The  
membership of this club is limited to  
400 and already 375 have signed up.  
The property has its own water system  
and fire protection and while at present  
it represents an investment of  
about \$400,000 it is anticipated that  
the total investment will reach practi-  
cally the million dollar mark in the  
entire district. There will be about

twenty-seven permanent employees,  
and Mr. Taylor made it plain that it  
was the intention of the club to secure  
its caddies in South San Francisco.  
These caddies will earn from \$500 to  
\$1000 per year each, which in itself  
will be no small item. But the principal  
feature so far as the merchants of  
South San Francisco are concerned is  
the fact that as far as possible all  
supplies for the club will be purchased  
in this city. Mr. Taylor stated on  
Tuesday to the Enterprise representa-  
tive that it is estimated that from  
\$80,000 to \$100,000 a year will be  
spent in this district. It has not as  
yet been decided where the entrance  
to the course will be located, but it is  
assured that this will be in keeping  
with all other extensive improvements  
on the property and the club will be  
one of the big assets, not only of the  
district, but of the entire peninsula.  
Mr. Taylor states that the members  
of the club are anxious to cooperate in  
every way in any movement which will  
tend to advance the district, and his  
attendance at the hearing of the rail-  
road commission on Monday where he  
proved one of the most important wit-  
nesses exemplifies this fact. The sponsors  
of this club, after investigating  
many sites along the peninsula, de-  
cided upon the present one as the  
most suitable from every standpoint  
and backed as it is by wealthy and  
influential men, it is assured that the  
California Golf Club will become an  
institution that will not only become  
a material asset to the community  
but will develop into an excellent ad-  
vertising feature for the district.

## Miss Louise Sassman Honored on Birthday

Mrs. Charles Sassman gave a birth-  
day party Saturday afternoon in honor  
of her daughter Louise's eighth birth-  
day. The tables, which were set for  
twenty-two guests, were decorated  
with miniature May poles. Refresh-  
ments of ice cream, and cake were  
served. The afternoon was spent in  
playing various games.

Those present were: Misses Mar-  
garet Sommers, Juanita Coward,  
Eleanor Nessler, Eleanor Perce,  
Eleanor Eschelbach, Elva Smith, Dor-  
othy Potter, Dorothy Cross, Gladys  
Craig, Vivian Lewis, Leora Minor,  
Sarah Black, Francis Dooley, Marg-  
aret Frohwerk, Tessie Allen, Eleanor  
Beuhler, Helen Blank, Ethel Smith,  
Oriana Stahl, Georgiana Elmer, Fran-  
cis Colehard and Louise Sassman.

## 13 KILLED BY POWER WIRE

George Arthur Arnold, 40, employed  
by the Pacific Gas and Electric com-  
pany, in the installation of power lines  
at South San Francisco, was killed  
Friday afternoon when he came in  
contact with a high tension wire.

Arnold is a single man and was liv-  
ing at a camp established by company  
employees during the work at South  
San Francisco. It was stated. The  
accident occurred on the Bayshore high-  
way near Butler road, South San  
Francisco, where forces of workmen  
are installing additional power lines  
for the South San Francisco industrial  
district.

Arnold was on the ground at the  
time. A wire carrying 4,000 volts  
dropped to the ground striking an-  
other wire which Arnold caught in  
his hands at about the same time, re-  
ports said.

## Charm School a Success

"The Charm School," given by the  
graduating class of the South San  
Francisco high school in the auditor-  
ium, May 1, was very successful.

The story was of a young man who  
inherited a girl's finishing school, and  
the trials and troubles he encountered  
made it a very humorous story. Music  
was furnished by the High school or-  
chestra under the direction of Robert  
E. Reed.

The members of the cast were:  
Misses: Myrtle Dukeman, Irene Froom,  
Matilda Bernardo, Buella O'Rourke,  
Zelpha Dunlap, Louise Reid, Ruth  
Hatterley, Bessie Murray and Annie  
Whitehouse and Messrs. Fletcher  
Cook, George Wholer, George Lund-  
berg, Everett Roloff, Fred Junker and  
Edwin Kingsland.

The play was well acted, due to  
the painstaking efforts of the coach,  
Miss Beatrice Maple.

The net profits from the play were  
approximately \$100, which will be  
used for the publication of the Iris.

## Federated C. of C. Have New Program

A new program of work will be  
adopted by the Peninsula Chambers  
of Commerce Federated at their next  
meeting which is to be held in Red-  
wood City, Tuesday, May 12, in the  
City Hall. President Smith of Moun-  
tain View, has asked the Program of  
Work Committee, consisting of Geo.  
Cunningham of South San Francisco,  
Frank Towne of Redwood City and  
Gilbert Perrell of San Mateo, to re-  
port at this meeting. The organiza-  
tion plans an active campaign for the  
carrying out of the program of work  
which will be adopted at this meet-  
ing and is hopeful of being able to  
consummate some of the more im-  
portant issue before the regions serv-  
ed by this organization.

## County Board of Supervisors Meeting Monday

Bridge Franchise is Deferred  
Until Next Week—School  
Bonds Bring Big Premium.

The matter of the bridge franchises  
came before the Board of Supervisors  
in regular session at Redwood City on  
Monday. The report of the advisory  
committee of bankers and county of-  
ficials however, was not ready and  
Acting Chairman of the board, Super-  
visor C. V. Thompson, announced that  
no definite action would be taken un-  
til next week. Fred H. Drake ap-  
peared before the board in the matter  
of petition of Asa Hull and others for  
the abandonment of a portion of Ar-  
royo avenue in San Carlos. As there  
were no protests registered, the  
abandonment was ordered by the  
board. An ordinance, presented by  
Attorney Wilson of Kirkbride and  
Gordon in the matter of the proposed  
election in the newly formed Diamond  
Utility district and calling for an  
election was passed. The bid of A. J.  
Greer was the only bid received for  
the paving of a mile stretch of road  
near Purmissima. His bid was for  
\$12,200, but as the engineer's esti-  
mate was \$8,000 and no other funds  
were available, the bid was rejected.  
Soft drink permits were issued to  
Mrs. A. G. Meehan of San Bruno for  
an establishment at Millbrae, Lena  
Morris of Pescadero, Tony Silva of  
Five points, Mrs. Annie McLean of  
Berkeley, Tony Berberhanzo of Mill-  
brae, Joe Blangini of Half Moon Bay,  
B. E. Bentley of Berkeley, and R. C.  
Brane of North Fair Oaks.

Bids for the purchase of the \$90-  
000 bond issue of the Redwood City  
Grammar school district were opened  
and the bonds ordered sold to Dean  
Witter and company, whose premium  
offer of \$4,663 was the highest of the  
twelve bids received for the bonds,  
these bids ranging from \$2,885.00 to  
\$4,663. The report for the Commu-  
nity hospital was submitted, and show-  
ed a total expense of \$8,156.25 for the  
month of April, of which \$1,962.33 was  
collected from pay patients. This left  
a net cost to the county for the month  
of \$6,193.40. The report develops he  
fact that at March 31, there were 28  
free patients, 34 pay patients and 17  
part pay patients. The board ap-  
proved plans and specifications sub-  
mitted by County Engineer George A.  
Kneese for the new lateral connection  
between Burlingame and the Skyline  
Boulevard, to follow the right of way  
just deeded to the county by the Pan-  
ama Realty Company. County Clerk  
Elizabeth M. Kneese was instructed to  
immediately advertise for bids for  
the grading. This grading will extend  
from Newton Avenue, just south of  
the Burlingame Municipal reservoir,  
and will connect with the present  
grading of Hillside Drive. Plans were  
also approved for the grading and re-  
surfacing of Hillside boulevard, from  
the cemeteries to South San Fran-  
cisco.

Chief Traffic Officer Jimmie Logan  
and Officers Jimmie Dalziel, Kroiss,  
Bond, Quinlan and Goulson will re-  
ceive increases of \$25 per month each  
if the recommendations of the board  
is approved by the State Department  
of Motor Vehicles. This will bring  
the salaries of the men to \$200 per  
month, with \$225 for the chief, and  
will make the salaries equal to those  
paid in other counties of the state,  
according to a statement of Chief

Logan. As the salaries are paid out  
of fines collected and to be reapportion-  
ed to the counties, the Depart-  
ment of Motor Vehicles generally ac-  
cepts the recommendations of the  
county board as to the salaries to be  
paid. The increase will go into ef-  
fect as soon as passed by Superinten-  
dent Marsh.

The expected resignation of Roy W.  
Cloud as County Superintendent of  
schools did not materialize at Mon-  
day's meeting, and will be submitted  
next Monday, May 11, to be effective  
on May 15. Superintendent Cloud will  
take over the superintendency of the  
Redwood City Grammar School Dis-  
trict on May 15. The only applica-  
tion for appointment to the county po-  
sition is that of Miss Pansey Abbott  
of San Mateo. John Gill, member of  
the Sequoia Union high school faculty  
has not as yet filed his application  
with the board, and is said to have re-  
considered his decision to resign from  
Sequoia.

W. W. Thompson, holding a contract  
for repairing and resurfacing the road  
from San Gregorio to Pescadero, was  
released from the terms of same by  
the board, due to the fact that the  
county rock quarry near Pescadero  
has been worked out and there is no  
rock available on the coastside.  
Thompson's contract was based on  
the county furnishing the rock from  
its own quarry. It will now be nec-  
essary for the rock to be hauled  
across the mountain, and new bids  
will be called for.

At the request of the Archbishop of  
San Francisco, the College of Notre  
Dame was granted permission to lay  
a new water line to the college, the  
work to meet with the approval of  
County Engineer George A. Kneese.

The resignation of Mrs. John F.  
Merrill, as a member of the San Ma-  
teo Community Hospital Advisory  
Board was received and accepted.  
Mrs. Morrill is the third member of  
the board to resign as the result of  
the action of the supervisors in  
changing the by-laws of the institu-  
tion. Successors to these members  
will be appointed at a later date.  
Those remaining on the board are Su-  
pervisor John MacBain and William  
M. Munro.

The salary of Miss M. Paulsell as  
assistant at the Juvenile Detention  
Home was increased from \$75 to \$90  
per month on recommendation of Su-  
perior Judge George H. Buck. Mem-  
bers of the County Social Service  
Commission were reappointed to of-  
fice on recommendation of Miss Flor-  
ence Boggs, as follows: Thos. L.  
Hickey, Mrs. Ben Griffith, Jas. Mc-  
Cormick.

A letter was received from San Ma-  
teo Post No. 82, American Legion, re-  
questing that the board require a cash  
bond before granting a franchise for  
the San Mateo-Hayward bridge.

Supervisor Francis of the Fourth  
road district was authorized to go  
ahead with the repairing of the county  
road from Gargon's Gate to Tunitas,  
the work to be under the direction of  
County Engineer George A. Kneese.  
Constables throughout the county  
were instructed to immediately en-  
force the provisions of the new ordi-  
nance regulating the selling of mer-  
chandise on the highways. Several  
claims were approved by the board  
before adjourning.

Mrs. Carl Schwarz of San Francisco entertained Mrs. Earle Jones of First avenue and Mrs. Jack Callan of Market Street at a delightful luncheon at her home one day of last week.

Earle Jones of First avenue, and Bert Silicani motored to Watsonville last Sunday and spent the day with friends.

The student body of Jefferson Union High school made a hike to Mt. Tamalpais last Friday, accompanied by Principal Neil O. Best, Miss E. Torfello, Mr. G. Haun and Mr. L. Heaton. All enjoyed the trip and expect another in the near future.

The comedy "Hen Pecked Husband" coached by Miss Mary Belli and enacted by members of the Santana and Santangel Clubs of Holy Angels church and was presented here at the New Colma Theatre a few months ago, was presented in San Jose for the benefit of that church by the same players, who received much applause.

Mrs. B. W. Haubrich, Miss Sylvia Haubrich and Stephen Fischer motored to Capitola by the Sea, last Monday.

Wednesday evening, May 6, El Carmelo Parlor No. 181, Native Daughters of the Golden West initiated a large class of candidates into the order at their regular meeting in Masonic hall, Daly City. A delicious spread was served by Mrs. Lorraine Wall and committee of members. It was decided that a whist party and dance will be given by the drill team and the beautiful cedar chest filled with linens will be on display. This chest will be raffled for the purpose of purchasing uniforms for the drill team.

## DALY CITY NEWS

Horace Fellows, local contractor is erecting another home on 314 Evergreen avenue.

Mrs. H. Bostock of 134 Santa Barbara Avenue, is recovering from her recent illness.

The house owned by R. S. K. Mac Millan, of San Francisco, on Irvington street, is nearly ready for occupancy after being partially destroyed by fire last month.

A marriage license was issued last week in San Francisco to Guido Garibaldo, of 712 North Point Street, and Marie Badaracco of this city.

Sunday afternoon, May 2, marked the dedication of the Jefferson Union High school building, where a large throng had gathered to witness the ceremonies and listen to the interesting addresses given by the many speakers. Among the most prominent speakers of the day were: District Attorney, Franklin Swart, Will C. Wood, State Superintendent of Public Instruction and Roy C. Cloud, County superintendent of schools. In behalf of the N. D. G. W., Miss Sut Irwin presented the school with the state, and United States flag. Edward Goldkuhl, president of the J. U. H. S., student body, accepted the flags. Many instrumental numbers were rendered by the trio of the San Mateo Union high school, and vocal selections by Theodore J. Phillips. The pupils of the seventh and eighth grades of the Grammar schools, and the High school students, sang "America" and "I love you California." At the conclusion of these services the Cornerstone was laid by the Eagles. Their Drum Corps presented a splendid drill. The children again sang "The Star Spangled Banner," while the flag that was presented by the Eagles was being raised. The new building was badly needed by this community and it is something which every citizen may justly be proud.

Mrs. J. Jensen of 499 Evergreen avenue, entertained at her home the June 23 class Alumni association of the Lux High school. The first part of the afternoon was given over to business and the following officers were elected: Mae Horton, president; Mildred McLaughlin, vice-president; and Katherine McKeown of Daly City, secretary-treasurer. Dancing cards occupied the remainder of the pleasant afternoon until refreshments were served.

Mr. and Mrs. T. F. Crowley of 199 Santa Cruz avenue, spent the week-end with Mr. and Mrs. Joseph Gisler at their summer cottage in Greenbrae, Marin County.

A most charming party was given last Saturday evening to Florence Domenico by Mrs. Milo at her home on 3344 Mission in honor of Florence's fifteenth birthday. Mrs. Milo's home was very attractively decorated in crepe paper and Chinese lanterns of various hues. Dainty refreshments were served and the table was covered with favors and crepe caps. Dancing filled the evening with gaiety. Those who were the guests of the evening were: Hazel Milo, Dorothy Squier, Eunice Wolf, Jeannette Taggart, Vivian and Evelyn De Beneditum, Pauline Aiello, Theresa Aiello, Audrey Wisser, George Burke, Angelo Crudo, Arthur Linhares, Jack McNally, Ernest Milo, Joseph Manno and Alvin Cobleigh. Miss Florence was showered with many lovely gifts, and was wished many happy returns of the day.

Mail train was three hours late Saturday evening. Cause, collision at Santa Clara.

Since the Grand jury hauled the Electric Railway over the coals, it has ceased charging fares from Holy Cross station to Baden, but are running their cars on Sundays only. We understand the Grand jury are securing data with the view of compelling this road to comply with its franchise, calling for a daily service to Baden.

The Citizens' Mutual Protective Association has purchased this week, seven fine axes and minor equipments for the use of the fire company. Next week a large fire alarm bell will be put in place on the fire company's engine house on Grand avenue.

Judge Buck always has the good of the community at heart. During Sunday night's freshest the Judge discovered the dangerous condition of the county bridge at Baden and promptly hired a man to stand on watch all night to prevent accidents. This is but a sample of many similar acts of which His Honor has on various occasions been found guilty.

Mail train was three hours late Saturday evening. Cause, collision at Santa Clara.

## St. Vincent's School to Be Dedicated Sunday

San Rafael, May 9.—Fifteen thousand persons from all parts of California are expected to attend the dedication of the first group of home buildings at St. Vincent's School for Boys here on Sunday afternoon, May 10. Archbishop Edward J. Hanna and Dr. J. Franklin Smith, of San Francisco, chairman of the Big Brother Movement in California, will be the speakers for the occasion.

Following the dedication Archbishop Hanna will lay the cornerstone for the second home unit, construction of which will soon be begun. The building program provides for six units of home buildings, to be completed at a cost of \$500,000. A fitting program of exercises and entertainment will be presented by the 380 boys of the school, and the visitors will be escorted through the buildings and over the picturesque 1,800 acre tract in which the school is located.

"Environment," is the keynote of St. Vincent's. Rev. Francis P. McElroy, director, believes that a boy brought up in an atmosphere of culture and refinement will demand this kind of an atmosphere when he is grown to manhood. Accordingly the "institution" is being converted into a number of modern American homes. Each boy is made to feel that someone cares for him and wants him to develop into a good American citizen.

In addition to the regular school work, the boys of St. Vincent's are being instructed in the trades and commercial courses that most appeal to them. Agriculture, radio construction, auto mechanics, welding, carpentry, shoemaking and tailoring are included in the curriculum.

St. Vincent's is one of California's oldest institutions. It was founded in 1855 and has reared to independent manhood over 50,000 orphaned boys from all parts of the state.

## Notice to Our Readers and Citizens of South San Francisco.

While we are the owners, publisher and editor of the South San Francisco Enterprise, we want you all to feel that this is your publication. A community newspaper reflects the character of the community. We would appreciate any suggestions from you all in connection with making this, your publication, and a real representative publication.

We promise you that we will carefully consider all suggestions and invite your co-operation in making the Enterprise a real community newspaper. Items of interest will always be appreciated and while we have a capable staff of news gatherers, we welcome individual items. While we are about it, however, we might mention that we have received a number of anonymous letters in regards to certain matters which we frankly state at this time were immediately consigned to the wastepaper basket. We promise to investigate anything contained in a communication with a name signed thereto, but the signatures "One Who Knows," "A taxpayer," "A friend of our fair city," etc., means absolutely nothing in our young life. So kindly sign your name to any communication you may send in. We thank you.

## PACIFIC CITY PROPERTY SOLD

Pacific City now belongs to the Howard estate, the property having been bought in on Friday for the sum of \$118,350.06. This action was taken on a foreclosure decree obtained in court last March and practically wipes out the large array of claims presented by an army of creditors whose cases have been pending in the courts for some months. The property includes some 57 acres along the bay shore at the foot of H street and Howard avenue, in Burlingame and includes all amusement features and improvements.

This Peninsula amusement park, opened to the public in 1922 has never proved a financial success and it is not anticipated that the Howard estate will attempt to continue it as such. It is possible that the property will be subdivided into a residential district, but nothing definite has as yet been announced in this respect.

## Famous Jewish Woman

Deborah, the wife of Lapodeth, was one of the earliest judges of Israel and urged the Israelites to rise against the Canaanites, who had oppressed them for generations. Barak, leader of the Israelites, refused to go into battle unless accompanied by Deborah. With a small force she triumphed over the Canaanites. "The Song of Deborah" is considered a masterpiece of Hebrew literature.

## "PHONE FOR FOOD" DRIVE IS INAUGURATED

"The wholesale grocers' salesmen are boosting the use of the telephone by the retail grocers to increase their volume of business," said J. F. Adams, manager of the Pacific Telephone and Telegraph Company here today. "Phone-for-Food," that's the slogan of every live retail grocer these days."

More than 300 wholesale grocers' salesmen held a mass meeting recently at the Mercantile Exchange, New York City, at which this slogan was the subject of a campaign launched among the retail grocers.

It was pointed out that a live retailer could reduce his cost of doing business as much as 8 per cent through a more intelligent use of the telephone. The sales promotion committee of the National Wholesale Grocers' Association has been making some interesting tests which disclose the fact that the average grocer has never realized the power and value of using the telephone as a medium between the grocer and his customer.

One test showed that by selling wholly across the counter a small store averaged daily sales of \$69, divided between 131 counter sales, which averaged 53 cents per sale and 2.8 articles per sale. The same store under the "Phone-for-Food" movement had sales of \$231 per day from 175 telephone calls, sales averaging \$1.32 per call, selling five articles each. In other words, the business was increased threefold and at a material reduction of cost per sale.

## CONVICTS HIDE IN MOUNTAIN WILDS

THOUGHT TO HAVE JOIN POSSE IN SEARCH FOR SELVES

### MANHUNT GETS EXCITING FOLLOWING HOLDUPS

Steal Stage Coach and Execute Wild Dash for Border — Net Spread Around Hills Falls to Land Them—Bloodhounds Enlisted.

Sacramento.—Hiding somewhere near the Sierra snowline, Floyd Hall and Joe Tanko, the escaped San Quentin killers, gained another brief spell of liberty as nightfall, Tuesday, terminated what was probably the most hectic day of the spectacular manhunt for them since it began a month ago. A posse, heavily armed, slept on Cape Horn, Tuesday night, awaiting day-break to resume the search. The men and their leaders are admittedly perplexed.

Since the night of May 2, the posses had been hunting the killers in the mountainous country around Graniteville, Nevada county. Two hunters reported seeing them in a cabin there. Keeping their information secret lest the manhunt develop into another big "blowup," the sheriff's men began their search.

The first the outside world knew of the hunt came Tuesday morning. Emerging about 9 o'clock from a deep ravine near Gold Run, to which they had been traced by posses from Nevada City, the desperadoes held up a United States mail stage coach. The line runs between Grass Valley and the mining towns in the mountains.

Stopping the stage coach on a lonely road, the convicts choked the driver unconscious, threw his body to the side of the road, leaped into the car and raced toward the Downieville-Nevada City highway.

Four deputy sheriffs were hiding along the road south of Grass Valley. They had spent the night hunting through the woods and mountains. They saw the mail coach racing toward them. They wanted to open fire on it, but Deputy Sheriff Walker, in charge of the squad, was not sure. He ordered that their fire be withheld. As the mail stage sped by he recognized the convicts—and his mistake.

In the confusion which followed, Tanko and Hall swung off on a country road. Ten minutes later the combined posses raced past them.

They tore through Nevada City at fifty miles an hour. All the sheriff's men were hunting them in the mountains. They swept through Grass Valley just as a volunteer posse was forming on the steps in front of the sheriff's office. Hall was driving, Tanko sat beside him at the wheel, a rifle over his knees.

Citizens for miles around joined forces with the sheriff's posses and bloodhounds from the Nevada state prison have been enlisted for the work of running down the pair. All trains through Emigrant Gap are being searched and their escape to the Nevada line is cut off by this manner. The convicts cannot cross the Sierra by foot or automobile, because of the heavy snow.

The theory is held that their quarry will attempt another sensational outbreak toward the lowlands of the Sacramento valley.

The convicts executed one of their most daring ruses when they joined a posse in quest of themselves.

Shortly before dusk they were chased onto a hill three miles east of Colfax. One of their pursuers fired several shots at them, none of which found its mark. Immediately the mass of searchers surrounded the hill.

Like a comb the men worked up the slopes of the hill from all sides toward the summit. When the top was reached the searchers were left disappointed and bewildered.

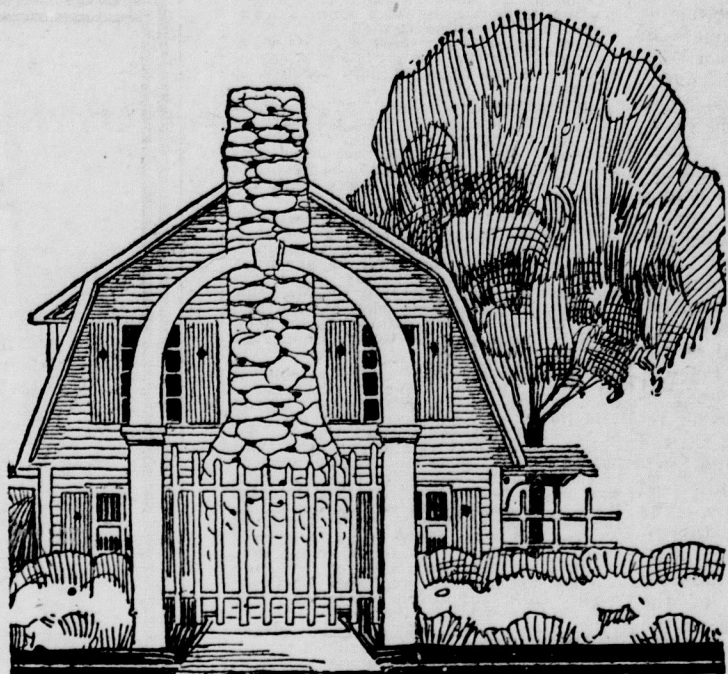

The only way in which they could have escaped the hill was to have temporarily joined one of the posses and thus worked their way out of the ring, is the belief.

This incident closed a day during which Hall and Tanko had brazenly paraded before armed searchers nearly a dozen times.

**Cryer Re-Elected L. A. Mayor**  
Los Angeles.—Mayor George E. Cryer, in Los Angeles' first primary under the new city charter, rolled up a majority which assures him of reelection for his third term. Late unofficial and incomplete returns from 944 out of 1,026 precincts gave Cryer 69,776 votes; former Federal Judge Benjamin F. Bledsoe, 56,749 and Councilman Miles Gregory, 7,914. The voting marked the end of a bitter contest. Bledsoe resigned his seat on the federal court bench to oppose Cryer for the office, which after this year commands a salary of \$10,000 a year.

**Exit Madison Square Garden**  
New York.—"Taps" played by a veteran army sergeant, and designed as the sporting public's farewell to old Madison Square Garden, which will be demolished, found 13,000 boxing fans leaving the ancient structure.

**River Work Measure Signed**  
Sacramento.—Governor Richardson, Tuesday, announced he had signed senate bill No. 826, appropriating \$250,000 for the improvement of navigation on Sacramento, San Joaquin and Feather rivers.

## BETTER HOMES WEEK

During Better Homes Week which will be widely observed from May 10 to 17, civic agencies will urge the erection of attractive and economical dwellings, remodeling of old houses, and other improvements.

Home building is not only a business enterprise. It is an activity that shapes character and develops communities. Any one who puts up a comfortable and pretty house, which will sell or rent at reasonable rates, has helped his home town to become a happier and more prosperous place. He has taken lumber and brick and other material, and made them into a human nest where young people can raise useful families, encouraging self respect and achievement.

If a considerable number of the citizens of South San Francisco would celebrate Better Homes Week this year by starting construction of such dwellings, they would show that our community has faith in its future and wishes to make newcomers comfortable.

The spirit of Better Homes Week enters our towns, and passes judgment on our dwellings and the ideas they express. It asks the man who inhabits a shabby and disorderly house, if that home is not pulling down his spirit with an atmosphere of discouragement? If he would brighten it up, it should give him a bit of mental boost, a feeling of adequacy to the demands the world makes on him.

It asks others who seem to lack imagination, if a touch of beauty would not add to family cheer? Flowering plants and foliage contribute charm, which affects human character. The people who inhabit such a dwelling should thaw out more readily, have a bit more of magnetism. When you take beauty into your heart, it flows out with unexpected results.

Better Homes Week is a big subject, for when you improve your homes you lift up the people who dwell in them.

## THE ORANGE AVENUE MATTER

The matter of the Orange Avenue crossing is now before the railroad commission. What the body will determine from the facts submitted we are not in a position to know at this time. At any rate, having attended the hearing, we do know, from our own viewpoint, that the city, thanks to the able manner in which City Attorney Davis, with his splendid support from the civic officials and prominent men in the community and from San Francisco, presented a very strong case for the commission to consider. Commissioner J. M. Squires stated at the conclusion of the hearing that the only question involved was: "Does a public necessity exist for this particular street crossing requested at the hearing by the City of South San Francisco?" While this of course is a matter for the railroad commission to determine; the Enterprise, taking into consideration all the evidence brought forth at the hearing is of the opinion that such a public necessity does exist. There were matters brought out at this hearing several of which, even if not augmented by more or less minor facts, would, in our opinion show conclusively that the Orange Avenue crossing was an absolute public necessity.

We congratulate City Attorney Davis for the able manner in which he presented the case for the city, and we venture to predict, naturally not being in the confidence of the railroad commission; that the request of the city will be granted. Elsewhere in this issue we publish a detailed account of the session.

## WE WELCOME YOU TO OUR CITY

On Sunday, we will have with us in South San Francisco hundreds of Portuguese visitors, from the various sections of our glorious state. For on that day, the celebration of the memory of Santa Christo by the Royal Michaelense Autonomic Benefic Association will be commemorated here. We are proud to have these loyal people within our gates as attested to by the wholehearted manner in which our civic officials and our citizens in general have extended the hand of good fellowship in the past on similar occasions.

In turn, it is indeed gratifying to note how the members of this association have extended an invitation to our citizens to join them in this important event. In behalf of our city the Enterprise extends to the visitors a most hearty greeting and expresses a sincere hope that the bonds of friendship will continue to be strengthened and that when this city eventually becomes a city of many more thousands in population, just so in proportion will the visitors on these annual commemorations become greater in strength of number.

Members of the Royal Michaelense Autonomic Benefic Association, we welcome you. The city is yours on Sunday, May 10.

Merchants only made 14 runs in the last inning.

## Board Discusses Business License

The Board of Trustees meeting on Monday night, with all members of the board in attendance, was a comparatively short one, although considerable business was transacted. One of the principal features of the meeting, aside from the passing of a number of important ordinances relative to the fire ordinance and the zoning ordinance was the intimation that a business license tax will be carefully considered by the city fathers. This matter was brought up through a communication received from the leading automobile dealers of the city. This communication protested at the proposed sale at the Foley & Burk Circus, of second hand automobiles. The communication further requested that an ordinance be framed regulating the local automobile business and confining it to authorized buildings in the business zone. The board considered a business tax license a feasible solution of such questions as were brought up by the auto dealers. Edgar Lewis, one of the prominent automobile dealers of the city, also cited several cases where, in his opinion, auto repair shops were being conducted contrary to local ordinances, and in fact, in one specific case, contrary to the state law which prohibits auto shops in stores below rooming houses. The matter of the alleged second hand sales of autos by the circus will be attended to by Chief of Police Belloni who has been instructed to take immediate action.

In regards to a business license tax on all places of business, the members of the board strongly favored such tax and City Attorney Davis was instructed to prepare an ordinance. A resolution was passed adopting the plans submitted by Engineer Kneese for the paving of the alley between Baden avenue and Grand avenue, certain other alleys and certain streets; also a resolution of intentions in connection with this work was passed. A permit from the South San Francisco firemen to hold a dance in Fraternal Hall on May 23rd was granted.

## PASS RESOLUTIONS FOR STREET WORK

At the regular meeting of the board of trustees on Monday night the board adopted the plans submitted by City Engineer Kneese for certain alley paving and the paving of certain streets. Also they passed a resolution of intention in connection with this public work.

## WAR TROPHIES FOR CITY

A letter from the Adjutant General at Sacramento offering this city war trophies taken in the great world war provided the freight on same is paid by the city was considered favorably at the board of trustees meeting on Monday night, and the matter will be discussed with the American Legion at their regular meeting on Thursday evening, when the members of the board of trustees will be in attendance. It is planned to have several of the larger field pieces mounted at the civic center.

## BETTER INSURANCE FOR CITY FIREMEN

It was pointed out by the State compensation Insurance board, in a communication to the board of trustees on Monday night that by the payment of \$8 a year additional per man, of the department that the compensation for each fireman injured while in the performance of his duty or while on drill would be increased from \$4.17 per week to \$20.23. Also in case of loss of both eyes, both hands, etc., the firemen will receive a pension for life. In the event of death caused while in the performance of his duty the widow or minor children will receive, \$5,000. The board has turned the matter over to the city attorney for report at the next regular meeting.

## Probable Business License

It was suggested at the regular board of trustees meeting on Monday night, that a business license tax on all classes of business in this city be imposed. The members of the board all seemed in favor of this and it was finally decided to instruct the city attorney to draw up an ordinance to that effect to be submitted to the board at the next regular meeting.

## Railroad Commission Meeting

City Attorney Davis presented a very strong case to the railroad commission at an all-day session in the city hall on Monday where the matter of granting of a crossing for Orange Avenue, over the two S. P. R. tracks, and the Market Street Railway track was taken up. Commissioner Squires presided at this meeting and both the railroad company and the railway company were represented by attorneys. It was pointed out that it was an absolute necessity to have this Orange Avenue extension carried out to accommodate the people of Baden and also to permit of a good road to the public park which it is proposed to establish in that district. Matters look good for a favorable decision on the matter but it is entirely up to the commission and no answer to the application of the city is anticipated for a week or ten days.

## Approvano una Risoluzione per i Lavori Stradali

Alla seduta regolare del Consiglio Municipale tenutasi lunedì sera furono adottati i piani presentati dall'ingegnere comunale George Kneese, per la pavimentazione di certe strade e contradi. Fu anche passata una risoluzione d'intenzione per l'esecuzione di detti lavori pubblici.

## Trofei di Guerra per la Città

Una lettera dall'Adjutant Generale a Sacramento, offerente a questa città trofei presi nella grande guerra mondiale, qualora la città ne pagasse le spese di trasporto, e' stata favorevolmente tenuta in considerazione dal Consiglio Municipale nella sua seduta di lunedì sera e l'affare sarà discusso con la Legione Americana alla loro seduta regolare che avrà luogo giovedì sera quando saranno pure presenti i membri del Consiglio. Si e' progettato di avere diversi pezzi da campo montati al centro civico.

## Migliore Assicurazione per i Militi del Fuoco

Seduta stante, la State Compensation Insurance Board con una lettera diretta al Consiglio, lunedì sera, fece noto che col tenue aumento di \$8.00 all'anno per ogni uomo del dipartimento del fuoco, la compensazione per ogni individuo assicurato e ferito mentre eseguisce il suo dovere a terra, aumenterebbe la rata settimanale da \$4.17 a \$20.23. In caso di perdita totale della vista o delle due mani ecc., i pompieri riceverebbero una pensione vitalizia. In caso di morte mentre e' intento ad eseguire il proprio dovere, la vedova o i minorati riceverebbero \$5,000. L'affare e' stato riferito all'avvocato cittadino il quale ne fara' un dettagliato alla prossima seduta regolare.

## La Riunione Della Commissione Ferroviaria

Lunedì alla seduta della commissione ferroviaria tenutasi al palazzo municipale, l'avvocato cittadino Davis presento' con grande enfasi il caso dell'incrocio di Orange Avenue, attraverso i binari della Southern Pacific Railroad e della Market Street Railway company. La seduta fu presieduta dal commissario Squires e le due compagnie erano ben rappresentate dai loro avvocati. E' stato fatto osservare l'assoluta necessita' di avere l'estensione di Orange Avenue per accomodare la popolazione che vive a Baden e per aprire un accesso al parco pubblico che si propone di stabilire in quel distretto. L'affare promette bene per una favorevole decisione; pero' tutto dipende dalla commissione d'applicazione della città non avra' nessuna risposta prima d'una settimana o dieci giorni.

## Probabile Licenza d'Esercizio

Sempre durante la seduta di lunedì sera del Consiglio Comunale e' stato suggerito l'istituzione di una tassa di licenza d'esercizio su tutte le classi di negozi in questa città. I membri del Consiglio sembra, siano tutti favorevoli a un simile passo e alla fine fu deciso di ordinare all'avvocato cittadino di preparare un'ordinanza che regoli le licenze, da sottoporre al Consiglio per l'approvazione nella prossima seduta regolare.

### REDWOOD CITY WINS

P. A. L. CHAMPIONSHIP

Redwood City won the P. A. L. "B" class baseball championship by defeating our team in a very poorly played game last Tuesday, April 23. Our team was completely outclassed, the score at the end of the game being 12 to 1. Redwood has a team worthy of all the praise it can receive, and there can be no doubt that they deserved their honors.

However, our team fought to the last ditch, and did not give up until the end of the game. Schmidt started the game as pitcher, but was replaced by Belloni. Many unexcusable errors were responsible for the very low score received by our team.

### High Junior News

The High Junior class gave one of their members a surprise before school Tuesday morning. When Tom Harris arrived at school he found his desk decorated with paper streamers, flowers and presents. He received many beautiful and useful presents, consisting of soap, balls, tops, nipples, apples and garlic.

Members of the High Junior class are sporting class hats. The hats arrived Friday and caused much commotion in the class. They are blue and white with S. S. F. '26 on the brim.

Low and High Junior girls are wearing their new numerals which they received for winning the Inter-class Volley Ball championship.

The High Junior class is expecting to motor down the Peninsula next Sunday. They will leave early Sunday morning and camp in the Santa Cruz mountains near Los Gatos.

### Card of Thanks

The play committee wishes to sincerely thank those persons who were so kind as to assist the Senior class in the presentation of its play "The Charm Play."

The South San Francisco Furniture company for the loan of numerous pieces of furniture; Mrs. Dunlap of Lomita Park; Mrs. Cook and Mr. Roloff of Daly City for other necessary furnishings; Harold Davis for his car; Mr. Nolan of the Highway Garage was likewise kind in lending his car; and the many others who assisted the play committee in its work.

### News News

All of the material for the Iris has been handed in and it is being examined and corrected.

A try-out typing contest will be given tomorrow, Friday, May 8, in the auditorium, to find out what students will represent the school in the county contest to be held at Jefferson High on the following Friday, May 15.

### School Hike

A group of fifty-nine jolly and energetic young people met at the local station at 6:55 Saturday morning, May 2, connected with the 7:45 San Salito Ferry and arrived at Mill Valley at 9:10.

### BIG BASIN ROADS TO BE OPEN NEXT MONTH

The roads from Saratoga and from Boulder Creek into Big Basin in Santa Cruz county are expected to open for travel about the middle of May, according to the touring bureau of the California State Automobile association. At the present time the roads are closed by repair work which has been going on throughout the winter months.

Mr. and Mrs. F. A. Cunningham motored to Half Moon Bay on Sunday.

## Portuguese Will Be Honored Guests of South S. F. on Next Monday

On Sunday, next, May 10, South San Francisco will have as honored guests members of the Royal Michaelense Autonomic Beneficent association, incorporated, under whose auspices the celebration in memory of Santa Christo will be held. The committee in charge under the capable chairmanship of Frank Joseph has overlooked no detail which will tend to make this fourth annual celebration a grand success in every way.

For several months elaborate plans were considered and gradually adopted and everything points to the celebration of this important and impressive event in a manner that will not only reflect great credit on the society South San Francisco Council No. 37, but upon the city itself. Civic and other local officials have been invited and have accepted the invitation to participate and Mayor H. F. McNellis, in his capacity of chief executive of the city has issued a proclamation setting aside Sunday, May 10, as a "Welcome Day" to the Portuguese visitors numbering about seven hundred, who will honor our city with their presence.

Among the many features included in this celebration will be a big parade with Frank Joseph, officiating as Grand Marshal. Headed by a twenty-piece band, the parade, including

four drill teams of young ladies in natty uniforms and many other pleasing features, will form at 9:30 o'clock and will wind its way along the principal streets. Representatives from practically every section of the state will be in line and from all indications this parade will be both inspiring and "peppy," the latter being brought about to a great extent by the inclusion of bombs and fireworks. During the course of the march, the drill teams will perform evolutions in real military style, demonstrating the perfection of splendid team work. Immediately following the disbanding of the parade, those participating, will adjourn to All Soul's Catholic church where mass will be said by Rev. James P. Moran.

Members and invited guests will assemble at noon at the Fraternal Hall on Grand avenue where a big dinner will be served in a style for which our Portuguese friends are justly famous. This dinner will be still more enhanced by the fact that it will be served by the young ladies of the society and although an extra large crowd is anticipated plans have been perfected for handling the situation in an expeditious and capable manner.

Dinner having been served and the "Inner Man" refreshed, the order of the afternoon will be dancing in the

spacious dance floor on the upper floor. Dancing will continue until 6 p. m.

Among the high officials of the organization who will be in attendance at the celebration will be A. R. Mottis, of San Leandro, supreme dictator of California; Mrs. Annie L. Silvero of Oakland grand officer and probably also the Portuguese Consul of San Francisco will be in attendance.

### In Famous Expedition

The expedition, headed by Lewis and Clark, sent out by President Jefferson to explore the Louisiana Purchase, had originally 29 members. At St. Louis 16 men joined for part of the trip. Of these 14 were sent back with collections and reports, but two recruits were added, making a party of 33 on the far western march.

### A Mother's Faith

"There's such a difference between a father and a mother, sir," said Rob, after faltering for a moment. "He couldn't hardly believe yet that I was going to do better—though I knew he'd try to! but a mother—she always believes what's good, sir; or at least I know my mother does, God bless her!"  
—Charles Dickens.

Even the slimmest mode grants space to the petite new Colgate Complexionette that borrows the guise of a smart silver match-case to add the severe little masculine touch, now so extremely chic.

Inwardly, the Complexionette is most adorably feminine. Tiny compartments contain lipstick and rouge with a wee puff and mirror—while another—more generous—holds fragrant, adherent powder also with mirror and puff.

The modest cost of one dollar and a half makes the Complexionette a most charming and distinctive gift to one's friends—or to one's self.

Our perfumery section is always first to show the newest in toilet articles.

## The Modern Skyline

IN America's cities everywhere, towering high above the streets, are the "skyscrapers," monuments to industries, builders, and all whose thought and achievement enable hundreds or thousands to work and live comfortably under one roof.

These human hives, and the activity they shelter, are made possible by the telephone, with its cables and wires spreading from floor to floor and from room to room.

The messages they send and receive, now despatched so quietly and speedily in all directions, would require an army of messengers that could neither be mobilized nor directed.

Without such a service as the telephone for the transmission of spoken messages, America's monumental business architecture would not exist, and men would still have to live and work close to the ground, instead of in the air.

### Imperial Valley Menaced

Calexico.—Work crews here rushed  
trainloads of rock to stop a breach in  
the levees protecting Imperial valley,  
much of which lies below sea level,  
from the waters of the Colorado river.  
The break occurred twenty-three miles  
below Imperial Heading, near Pesca-  
dero dam. A sudden current started  
undermining the track along the levee  
at this point, May 1, and before the  
scouring could be stopped 200 feet of  
track had caved in.

### NEAR EIGHT THOUSAND COLLECTED IN FINES

Fines aggregating \$7,950 were col-  
lected through work of the state traf-  
fic force of Captain James Logan dur-  
ing the year period between April 1,  
1924 and April 1, 1925, Logan announ-

last Sunday, Logan said.

### New Forest Bill Is Signed By Governor

Declaring that the bill is the best  
ever enacted to prevent forest fires,  
Governor Richardson last week signed  
Senate Bill No. 362, making drastic  
changes in the law giving the state  
forester power to protect California's  
forests from destruction by fire.

Violation of the law which regulates  
the burning of timber and forest cover  
is made a misdemeanor. The bill pro-  
hibits the throwing of a lighted cigar  
or cigarette from an automobile.

### U. S. DOMINANT AS ARMS CONFERENCE GETS UNDER WAY

Geneva.—The league of nations con-  
ference to seek control of the inter-  
national traffic in weapons of war  
convened, with the United States oc-  
cupying dominant position among the  
thirty odd nations represented, who  
besides endeavoring to produce a new  
convention for the control of traffic  
in arms and munitions, will ascertain  
whether the control of private manu-  
facture of war materials is possible  
through international agreement.  
There are constitutional limitations  
which would prevent the United  
States from interfering with its citi-  
zens and the extent to which the gov-  
ernment is bound will determine  
whether or not the proposed second  
conference can be held.

The convention will involve the  
whole American policy of supplying  
arms to Latin-American republics and  
to revolutionary governments. A draft  
convention has been prepared and as  
it now stands war material could be  
sold only to regularly constituted gov-  
ernments officially recognized by the  
government selling the war material.

### Kidnaped Girl Unharmed

Middlebury, Vt.—Earl Woodward,  
Granville farm hand and former con-  
vict, captured in South Brookfield  
with 11-year-old Lucile Chatterton,  
his employer's daughter, was brought  
to the municipal court here and charged  
with kidnaping. He was placed in a  
cell in the county jail to await for-  
mal arraignment. A week's search,  
which filled the quiet slopes of the  
Green mountains with armed men and  
was called Vermont's greatest man-  
hunt, ended at 6 o'clock in the morn-  
ing when a police dog led three  
searchers to the barn of an abandoned  
farm in South Brookfield.

## WHO'S WHO in HIGH SCHOOL

Mrs. Frances Ludeman is a young  
lady of broad perspective and pleas-  
ing personality, who teaches social  
science in our high school. She hails  
from Illinois. Anthony, Kansas, was  
the scene of her early educational ac-  
tivities, where her name is on the  
honor roll of the high school. She is a  
graduate of the University of Kan-  
sas, and a member of the Phi Omega  
Pi sorority; as a member of the  
standing committee she was active in  
University Y. W. C. A. work, and of  
the social science club. While she has  
made no records in athletics, she is a  
lover of outdoor life, sports, and  
its related activities. She is particu-  
larly interested in travel and art in  
all its phases. It has been her privi-  
lege to pursue the study of her fa-  
vorite subjects from coast to coast,  
especially the middle west and the  
Pacific states. A scholarship in history  
afforded her opportunities for travel  
in western European countries.  
While visiting Germany, she saw the  
Passion Play at Oberammergau. Miss  
Ludeman has also studied at the Uni-  
versity of California. Before coming  
to South San Francisco, she taught  
for three years in the high school at  
Anthony, Kansas, and two years in  
the senior high school at Rock  
Springs, Wyoming.

Most of her class work is in civics,  
with emphasis on the fundamental im-  
portance of the home to society, with  
the idea that a large share of our de-  
fects are traceable to faulty early  
training or a lack of it. The ulti-  
mate purpose of the course is better  
citizenship, through an understanding  
of its rights, duties and its problems.  
Miss Ludeman says: "This school  
furnishes an excellent laboratory for  
the study of the characteristics of  
people of several European countries.  
Local industries furnish very good  
material for the study of industrial  
development and problems in both  
civics and American history. The chil-  
dren are unusually frank."

**Subsidy Squall in Offing**  
Washington.—Another ship subsidy  
fight in the next congress, compar-  
able to that which split parties in the  
closing days of the Harding adminis-  
tration, is promised in the new plan  
for subsidization brought forward by  
T. V. O'Connor, chairman of the shipping  
board, who proposes to sell the 600  
cargo ships the government now has  
on its hands and to pay American sea-  
men who sail them in foreign trade a  
bonus of \$20 a month. This, O'Connor  
said, would enable private American  
ship owners to compete with foreign  
ship owners on wages and would  
build up an American reserve of sea-  
faring men available for navy duty in  
time of war.

### Justice Rides Swift Nag

Chico.—Shortly after 9 in the morn-  
ing Ernest Smith, a paroled convict  
from Walla Walla, Wash., held up at  
the Bank of Durham and got away with  
\$619.45. Within a short time he was  
arrested by Constable Wagman. At 5  
o'clock, the same afternoon, Smith  
had been sentenced to life imprison-  
ment at Folsom. Smith, unmasked,  
entered the bank just after it opened  
and forced the cashier, S. N. Graves,  
and Miss Helen Hester, the assistant,  
into the vault.

### Whipping Grandma Sentenced

Tillamook, Or.—Mrs. M. C. Patton  
pleaded guilty to a charge of man-  
slaughter in connection with the death  
of her grandchild, Silva Louise Des-  
camps, aged 4, who died from the ef-  
fects of a beating. She was immedi-  
ately sentenced to an indeterminate  
term in the state penitentiary not to  
exceed fifteen years.

**How Berlin Voted**  
Berlin.—The official vote in greater  
Berlin in the recent presidential elec-  
tion as just made public was: Marx,  
654,487; Von Hindenburg, 384,361.  
Ernst Thaelmann, the Communist  
candidate, received less than 150,000.

**39 Die in Syrian Riot**  
London.—Thirty-nine persons were  
killed and twenty-seven wounded in a  
battle between troops and a mob at  
Aillat, near Homs, French Syria, ac-  
cording to a dispatch from Jerusalem.

**Turlock—Several city officials are**  
charged with using public office for  
personal benefit and of aiding the al-  
leged plot, in a suit filed in superior  
court here by a San Francisco corpo-  
ration owning Turlock district land.

### IMPORTANT HEARING BEFORE COMMISSION

(Concluded From Page 1)

of fire protection, the Los Cerritos district was practically unprotected, owing to the fact that the department had to make such a great detour to reach the district. On direct question he stated that water and fire hydrants were available in the district. He was asked if it were not possible for the fire department to reach the district by way of Chestnut avenue, and replied that it was too risky to attempt with the heavy apparatus.

Mr. W. J. Martin, resident of South San Francisco for 35 years, and introduced by Attorney Davis as one of our oldest and most prominent citizens, strongly advocated the Orange avenue extension. He cited the fact that it was proposed in the future to subdivide some 70 acres to the south of questions in a motorcaraketahrets the district. Mr. Martin answered questions in a manner which tended to show that he is one of the best posted men on local conditions in South San Francisco; also that he has the courage of his convictions. Manager P. R. Thompson of the South San Francisco Chamber of Commerce explained just what his organization had done towards this important project and cited the fact that, being representative of the merchants, business men and professional men of the district, this should naturally carry considerable weight. He declared that the demands in development of the city made this extension an absolute necessity.

Mrs. J. O. Snyder, the next witness called, as president of the South San Francisco Woman's Club, declared that the project was a most wonderful one, and her organization was wholeheartedly supporting it. This concluded the witnesses for the city and after offering as exhibit 6 the petition signed by 1233 citizens the city attorney closed his case at 2:20 p. m.

Attorney Mielki for the Southern Pacific Railroad at this point made one concession. He stated that owing to the fact that it had been definitely decided to establish a public park that his company would not oppose the crossing at Railroad avenue, but that the crossing on the Valencia Street branch was a branch of the line where this concession could not be granted so far as his company was concerned. The concession made will permit the people from the main section of the city free access and egress to the proposed park, but will of course deny this privilege to the people from the Los Cerritos district; nor will it relieve the situation in respect to all other phases of the disadvantages now prevailing. Chief Engineer Lagree of the Market Street Railway, the only witness called by the opposition dwelt mainly with the technical phase of the situation, the comparative costs and the dangers in general of all grade crossings. The matter of either utilizing Chestnut avenue, or of abandoning Chestnut avenue crossing was granted appeared to be greatly stressed by both the railway engineer and opposing attorneys. At the conclusion of all the evidence Commissioner Squires who had taken notes during the session and who had evinced a keen interest in the entire matter, stated that the only question involved was whether a public necessity existed at this hearing by the City of South San Francisco. It is anticipated that it will take at least a week or ten days before a decision in the matter is rendered by the commission. About 50 citizens attended the hearing.

### Better Insurance For Firemen

The matter of increased compensation for the local firemen of the fire department was discussed at the regular board of trustees meeting on Monday night after City Clerk McSweeney had read a communication from the State Compensation Insurance Board. The communication pointed out that at present the firemen would receive but \$4.17 in case of injury on the present payment of \$2.00 per year for each man. By the payment of an additional \$10 per year per man, or \$8 additional the members of the department would receive \$20.23 per week. In addition to this, should any member, while going to a fire, returning, or at a fire or during a regular fire drill receive permanent injuries resulting in total disability such as the loss of both eyes or both hands, etc., he will receive a pension for life. Also in the event of death the minor children or widow will receive \$5,000.

The weekly compensation payment will commence eight days after the accident to any member of the fire company. Fire Chief Truax, who was present at the meeting was in favor of this increase. The board decided to refer the matter to the city attorney for a report at the next regular meeting. There are 18 volunteer firemen in the department and the extra cost to the city would be but \$144 per year for this extra protection for our fire fighters.

### FIREMEN REPORT GRATIFYING RETURNS

The local firemen, members of the South San Francisco Fire Department are gratified at the splendid response accorded by the citizens in purchasing tickets for the big dance to be held in Fraternal Hall on May 23rd. The committee in charge are leaving nothing undone that will tend to make this event one of the outstanding social functions of the season in South San Francisco.
